## QCI inks MOU with ASQ

The Quality Council of India (QCI) announced that it has joined hands with American Society for Quality (ASQ), a global leader in quality improvement and standards, to roll out quality-driven programmes in the country, as part of its strategic plan to implement and boost Prime Minister Narendra Modi's 'Make in India' initiative. The MoU was signed by QCI Chairman Adil Zainulbhai, the first corporate appointee of the Prime Minister, and ASQ India Chief Amit Chatterjee, an ASQ Fellow who represents ASQ USA and his Chief Executive Officer Lt. General (Retired) William Troy and ASQ Global Managing Director Andrew Baines, to help implement the US pledge for quality-driven Make in India success story.
