

# PATIENT SAFETY

• 1-2 September, 2012 • Hyderabad International Conventional Centre • Hyderabad, India

## Dear Healthcare Professional

21<sup>st</sup>- 22<sup>nd</sup> April 2011 was the time when a lot of us met and shared our thoughts with a huge gathering of over 800 delegates from across the world including Doctors, Nurses, Paramedics, Policy Makers, CEO's, Administrators, Patient Safety Experts, Quality Managers and Members of Professional Societies.

Taking a step further, we are happy to announce the Second International Congress on Patient Safety on 1-2 September 2012 (Saturday & Sunday) at HICC, Hyderabad, India.

Improvised themes, new topics for discussion and more presentations will be the way forward for the upcoming Congress.

Please spread the word to your colleagues, friends, team members. Patient Safety is definitely a pressing issue in our healthcare system and needs to be focused upon.

We would be delighted to welcome you to Hyderabad. Do keep checking the website for regular updates.

Looking forward to receiving you personally at the venue.  
Regards

**Gaurav Loria**  
*Conference Secretariat*

## TOP 5 REASONS TO ATTEND:

- Unmatched agenda & cross industry collaboration
- Learn how to identify "Blind Spots" of patient safety
- Actively participate in a high level forum with leading patient safety experts
- Network with colleagues in the city of Nawabs
- Take back patient safety related innovations

To register or for an updated agenda, please visit [www.patientsafety.co.in](http://www.patientsafety.co.in)

# Patient Safety Times, April 2011

“The program was excellent and the receptivity by the attendees was as high as I have seen at any meeting. Clearly they are eager to learn and be engaged.”

*Ms Diane C. Pinakiewicz, President - National Patient Safety Foundation.*

“It was indeed a great pleasure and an eye opener. The number of people who attended the Conference was indicative of the like mindedness. It appears that everybody wants to contribute towards patient's safety in their own way. It also gives the impression how important the patient's safety is especially in today's time when the cost of healthcare is galloping day by day. It gave me the opportunity to interact with the learned speakers and participants. I shall be looking forward to such events in future also.”

*Dr. (Mrs.) I.S. Jain, Medical Consultant -IFFCO-HO*

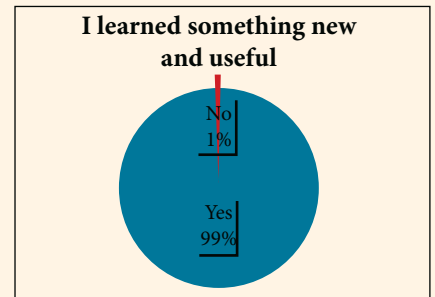

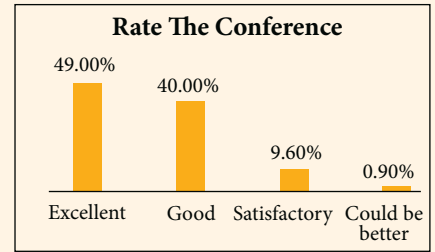

“Thanks for inviting us to present our CUSP program for the awards, we are really delighted to receive the award.”

*Krishnan Sankaranarayanan, Sr. Officer Patient Safety, Tawam Hospital, Abu Dhabi, UAE*

“Congratulations to one and all involved in organising the fantastic event in patient safety and IT applications. Thanks for all the hospitality and the very well organized and well conducted Patient Safety.”

*Dr (SQN LDR) Rajkumar, Dept of Hospital Administration, AFMC, Pune*
